

## April Meeting

Sunday, April 14, 2013  
1:15-1:40 pm Social Time  
1:40 Meeting Begins

### Program: Your Purpose - the MC Planetary Signature

By Tracy Darling, Uranian Astrologer

Tracy will be discussing what the midpoint picture of your Midheaven reveals about your spiritual purpose this life. We will be loading the data of attendees into the software for use as examples. If you want your dial chart used for this program be sure to call or email Sandra Williams with your data. (817-320-0042 or email: sandrax11@charter.net)

**Tracy Darling** became intrigued with Uranian Astrology while her husband was stationed in Germany, so she learned German to study at the Hamburg School of Astrology. Later she translated a number of the Hamburg Schools' books into English for another Uranian astrologer in Florida. Adept at all things Uranian, she will soon offer classes in this system.

#### Coming Up:

We don't have a meeting in May because the second Sunday is Mother's Day. Our next meeting will be in June 9. Susie Patterson, astrologer and licensed psychotherapist, will talk about some of the finer points of counseling your astrology clients.

Any information that needs to go into the newsletter please email to me at by May 29, 5 pm. My email is sandrax11@charter.net

## President's Message

*Melinda Noble, President*

It has been my pleasure to serve as ASNT's president these last two years. I have really enjoyed getting to know everyone better and working with a fabulous board. The ASNT Board is truly an amazing group, who gives unselfishly of their time and talents to keep the organization running. I thank each of you from the bottom of my heart.

Incoming president Donna Henson is a pro at leading this group, so we will be in good hands. She is excited to take the helm once again and full of new ideas and plans. It will be another great year for ASNT!

Thanks to all of you who asked about my husband in person or through email. As most of you know his surgery was postponed, due to a minor heart issue. It will now be on April 16th, so please continue to keep us in your thoughts and prayers.

I will not be at the April 14th meeting, due to a longstanding prior engagement, but I will be there in June as the new secretary.

## Member Notes

**Sandee Soliz's** little **Alaya** is finally home from the hospital's neo-natal unit.

### March Meeting Minutes

Submitted by Melinda Noble for the secretary

A regular meeting of ASNT was held on March 10th, 2013 with 17 members present. The meeting was opened at about 1:45 by Melinda Noble. Donna Henson introduced 1 guest and Priscilla Peers gave the financial report. The 2013-2014 ASNT Board nominees were then introduced. Donna Henson-President, Christine Light-Membership, Dee Emrich-Publicity, Priscilla Peers-Treasurer, Sandra Williams-Newsletter, Thadd Fenner-Webmaster and Melinda Noble-Secretary. The Programs Chair is still open and will be handled by the board until it can be filled.

Donna Henson led us in a tribute to ASNT founding member, Maureen Pierce, who made her transition earlier this year. Donna then gave a brief overview of the ASNT chart for the next year, which has several favorable aspects coming up. She then used several charts to show indications of accidents, deaths, and fame. We adjourned at 3pm.

## Oh, Those Stars!

The Sun entered the sign of Aries on March 20, 4:49 am. The Aries New Moon will be April 10 at 20 Aries 41.

**The New Moon chart** places the New Moon in the second house, conjunct Mars and Venus at 22 and 23 degrees respectively. You may find yourself putting focus and energy on making money or on financial matters for the next month.

But be aware that Uranus is also lurking in the second house and closely quincunx Saturn. Ground your brilliant ideas with solid Saturnian principles and make the adjustments necessary.

Saturn is also sesquiquadrate Mercury in the first, and Neptune is perilously close to the ascendant. Be sure to check things out thoroughly and don't get carried away with a rosy picture when beginning new things. It could be an illusion. On the other hand, do bring imagination and a positive attitude to your efforts this next month.

\_\_ Sandra W

### MEETING PLACE

First Jefferson Unitarian Universalist  
Church in Fort Worth  
1959 Sandy Lane  
Fort Worth 76112

How to get there:

From I-30, take Cooks Lane exit, go south from the freeway to Brentwood Stair (second stop sign). Turn right, go about a half mile to Sandy Lane, turn left – it will be on your left, six streets down.

From the south: come up 820-E, take the Meadowbrook exit, go east (right) about a mile to Sandy Lane. Turn left. It will be on your right just past a small park.

## Displaying the Minutes in a Quad Wheel -- Solar Fire Settings

Thanks to Donna Henson for this information.  
Note: this may be slightly different in the different versions of Solar Fire (5, 6 or 7). But it should basically have the same choices under the Chart Options and the Preferences tabs.

To have the minutes as well as degrees show in Tri and Quad Wheels, here's how to change your settings :

- Go to CHART OPTIONS tab at the top.
- Click on WHEEL STYLES
- Click Tri Wheel, choose TRI2.WH3

When you do, it will automatically close. Repeat Chart Options to Wheel Styles and this time click on

- Quad Wheel. then choose QUA 2. WH4

## To change Secondary Progressions to Naibod in RA (right ascension):

- Go to PREFERENCES
- Click EDIT SETTINGS
- Click PROGS & DIRNS
- Click CHART ANGLE PROGRESSION
- Choose NAIBOD IN RA
- Go back to PREFERENCES
- Click SAVE SETTINGS

That's all there is to it: Makes the charts much more readable and gives you greater precision.

## Changing From a Wheel to a Uranian Dial in Solar Fire

This is very simple to do. When you have a chart displayed on-screen, then go to the menu options shown on the right side of the screen.

The very first choice is Wheel and you can click on the arrow beside the word, and it shows Wheel and Dial. Choose dial and release.

To change the dial from 360 degree to 90, 45, or 22.5, go down the list of options on the right side of the screen again, to the one called Modulus.

Click on that and choose which dial you want to show. Check them all out so you know what they will show you.

When you have what you want on-screen, then click on the business end of the arrow and it will show you what it is pointing to. Grab the arrow by holding down your mouse button and move it around. The lines will change showing midpoints associated with the different degrees/planets etc.

Click on the box below the arrow tip to change the Options as to how you can move the arrow: moving by degree, by minutes, by chart points. Lotsa options here!
