Program: Chart Discussion

Sylvia Dunton will present an event chart for discussion and puzzlement.

We will also look at the chart for the **Fiscal Cliff vote**. What does it hold for the US, going forward? What do you think? (Jan. 2, 2012, 1:17 am, Washington DC) Take a look at it and let's talk about it.

President's Message

Melinda Noble, President

I wish everyone a Happy New Year and sincerely hope that it is a great one for all of us!

As you all know we are making some changes at ASNT. January 13th will be our first meeting in the new location and I think you will really like it. We are also going to have more chart discussion meetings this year, where everyone can participate and discuss what they see in a chart. In the past when we have had these type meetings we always got very positive feedback. Anyway we will try it and see if it is a hit or a miss. We will, of course, still have speakers occasionally as well.

Hope everyone enjoys the changes. Let the board know what you think of them and if we need to we can tweak some things.

See you Sunday,

Melinda

2013 Astrological Calendar Books

We have just two copies left of Tom Jerome Roma's **Calendar Books for 2013**. Chock full of good information and new charts, you'll be amazed at how much he packs between those covers! They are \$20 and he wholesales them to ASNT, so we make a bit from the sale, too. Support astrology and ASNT while helping yourself all year long.

Newsletter Changes

Sandra Williams

With Sandee Soliz up to her elbows in new baby and two year old, I will be doing the newsletter until she can take the time for it again. So any information that needs to go into the newsletter please email to me at least ten days before the meeting. That will be the deadline. Thanks, Sandra

My email is sandrax11@charter.net

Here's the chart for our first meeting at First Jefferson Unitarian Church. Note the fixed angles, Sun conjunct the MC and Mercury. I also like Jupiter rising w/ Part of Fortune in the first!. Acq on the MC. Moon/Mars in Acq in the 10th. Ve cnj. Pluto- not so cool. Another chart we could discuss. – SW
