Happy St. Patrick's Day, and welcome Spring Equinox!!

It's off and running with our new group exercise format. January was well received and we are on the bi-monthly cycle now with the formal lecture/presenters. So, bring your favorite deciphering tools and reference material with you for the March meeting.

We are also going to present the top picks of new locations at this meeting as decide on one of them.

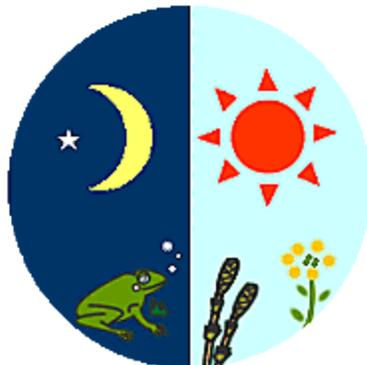

Also, Rhyan is going to explain and start the dues prorating and new structure voted on last year.

And if that's not enough, we have several slots coming open on the Board of Directors that we would love to have new members on!! Please the notice elsewhere in the newsletter for detail.

See you on March 12th!!

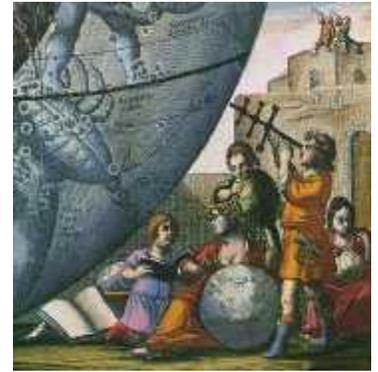

Marie Loeb

ASNT President 2015-2017

## State of the Planets

*Making sure a planet is direct and in good aspect for activities represented by its rulership, we find that-*

**Sun** – Moves from 11 degrees Pisces to 11 degrees Aries this month, its **ingress to Aries** on March 20th. **Conjunctions:** Sun is conjunct and blends his energy with these planets this month -**Neptune March 1st, Mercury March 6th,** and a **retrograde Venus** March 25th.

**Sextiles:** Sun is sextile and gets help from **Pluto March 9th. Squares: A sympathetic Pisces Sun** is square Sagittarius Saturn March 17th. Saturn has the upper hand here, and Jupiter is in Saturn's terms so is concerned about what Saturn is doing. Jupiter is in Saturn's triplicity during the day, so if you need to do any Jupiter-related actions, daytime hours are best. Make sure you consider Saturnian rules and regulations this day. **Quincunx:** Sun is **quincunx his ruler Jupiter** March 11th, making him uneasy. The Sun has to settle for less than what he wants at this time.

The **VERNAL EQUINOX** is **March 20th**, with the moon at **27 degrees Sagittarius**, just separating from a conjunction with Saturn and void of course.

**Mercury** – Moves from 07 degrees Pisces to 0 degrees Taurus in March, in his **detriment and fall in Pisces** until March 13th when he enters Aries. **Conjunctions:** Mercury is conjunct **Neptune March 4th, Venus March 18th,** and **Uranus March 26th. Sextiles:** Mercury sextiles **Pluto March 7th. Squares:** Mercury is square **Saturn March 12th** and **Pluto March 23rd. Trines:** Mercury trines **Saturn March 29th. Quincunx:** Mercury is quincunx **Jupiter March 9th. Oppositions:** Mercury is opposite **Jupiter March 24th, a great time for contracts and agreements. Mercury ingresses to Taurus on March 31st.**

**Venus** – Moves from 13 degrees Aries to 01 degrees Aries this month, as she will **station retrograde** on March 4th at 13°08'. Venus begins to drop lower in the sky this month and after her **inferior conjunction with the Sun on March 25th**, where she passes between the Earth and the Sun, she will then rise as a morning star until November.

**Mars** – moves from 24 Aries to 15 Taurus this month, his ingress to Taurus on March 9th. Mars has great aspects this month, with a trine to Saturn on March 5th and a sextile to Neptune on March 27th.

**Jupiter** – moves **retrograde** this month from 22 to 19 degrees Libra. On March 2nd Jupiter will oppose Uranus at 22°11' with Uranus at 22°11'. Be especially careful if you have planets at these degrees or square. Others around you may drive recklessly. On March 30th Jupiter will square Pluto.

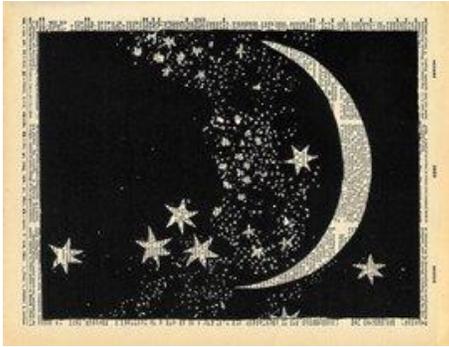

**Saturn** – moves from 26 to 27 degrees Sagittarius.

**Uranus** – moves from 22 to 23 degrees Aries.

**Neptune** – moves from 11 to 12 degrees Pisces.

**Pluto** - moves from 18 to 19 degrees Capricorn.

*Local Moon* for March~ **The Full Moon** at 22<sup>nd</sup> 13 is not so great on March 12th, with the moon applying to a square with Saturn.

The **New Moon** at 07<sup>th</sup> 37 on March 27th bypasses a retrograde Venus at 3 degrees Aries and applies to an opposition with Jupiter- much nicer.

Note: Times are for time zone 6 hours West. DST is not observed.

“The moon is a developing power and the final aspect indicates outcome of any venture under consideration. In selecting the day and hour for taking an action we base our decision to act or not on what she advises according to her final aspect “when all is said and done” If she is void of course the matter is also inactive with no harm done.”

– In the beginning astrology, Ivy G Jacobson

**3 classes Jan-Mar 2017  
+ 1 class Jan 2018**

This workshop is based on Christy's Manifesting Venus talk.

**C**ycles govern us all. This workshop shows you how to apply the timing of Venus retrograde cycles to your own Natal Chart. You'll review what's not working and then you'll use Venus as a magnet to attract what you do want to bring into your life. Learn how in 2017 and we'll all see the results together in 2018.
